

SUMMER CAMP 2020

It's happening!

Our Summer Camp is officially HERE! We are so excited to be able to do a few weeks of summer camp! This has been a crazy year for us and we are thankful to be able to slowly overcome the struggles! Camp will be altered this year accordingly. Please check out the things that will be different:

1. **Snack/Lunch**- We feel this is in the best interest of our gymnasts and coaches that all food is brought by parents. Also, water fountains are no longer available. Please be sure to pack water!
2. **Swimming**- We will not be going swimming on Tuesdays this year to avoid as much contact with others outside the gym as possible.
3. **Special Guests**. This is a sad one for us this year but again, we feel it is in the best interest of your children to not have special guests this year.
4. **Group sizes** – Instead of a 10 to 1 ratio, we will be doing a 5 to 1 ratio and maxing our camp out at 20 kids per week.
5. **All weeks are still themed** - We will still have our themed weeks for crafts and games!
6. **So much gymnastics** - We can't wait to tumble with your little ones.

Summer Camp will be 5 weeks of fun this year starting July 6 and going through August 7. Each

week is themed differently. Here is a list of the weeks:
